Nissan unveiled the 240Z concept car at the 1999 North American International Auto Show, then later at the Los Angeles Auto Expo. The concept was based primarily on a design sketch by Manny Baker of Nissan's California design studio. In a reference to the original, it was a bright orange two-seater with swept-back styling.

Nissan 350Z - Wikipedia

The Nissan Z engine is a series of automobile and light truck engines that was engineered by Nissan Machinery, manufactured by the Nissan Motor Company from 1979 through August 1989. All Z engines had 4 cylinders, a total of 8 valves and a single overhead camshaft .Displacements ranged from 1.6 L to 2.4 L.The Z series' engine blocks were nearly identical to those of the earlier L Series with ...

Hi guys, I have spent countless hours trying to nail down a good, concrete method for tuning gen4 vehicles. Today I finally came up with a consistent method to dial in base airflow that I haven't seen posted before, so I wanted to share it with the community. This guide is for airflow and the adaptives only, so I am going to assume fueling is already dialed in if you decide to try my
