Another reason why sex prediction myths persist is that sometimes they can appear to be right. When you're looking at 50/50 odds, predictions are bound to come true half the time.

Baby Gender Predictions: Can You Guess Your Baby's Sex?

The odds are in your favor between those dates: if the weather is clear and you stay for at least three nights, it's highly likely (though never certain!) that you will see the aurora. From April 22 to August 20 although the sun does set the sky never gets dark enough in Fairbanks to see the aurora even if it was a spectacular display.

Prediction definition is - an act of predicting. How to use prediction in a sentence.

Prediction | Definition of Prediction by Merriam-Webster

To read odds, start by finding 2 numbers separated by a dash. These 2 numbers are the odds, and you can turn them into a fraction to figure out the amount of profit you will make per dollar spent. For example, you might see 3-5 odds. Odds of 3-5 indicate that your profit will be three-fifths of a dollar.
